NEW & IMPORTANT: Due to the increase of children's life threatening food allergies to nuts, peanuts, milk, egg, soy, wheat, fruits, fish, shellfish (to name a few), we discourage the use of food in our building. If food consumption is an integral part of your rental then Food may only be consumed in approved areas (e.g. the cafeteria) to prevent contamination of learning spaces. As in school policy parents/guardians are the only people allowed to approve food for consumption so the rental requires working with parents to ensure that all children can safely participate. No child wants to watch their friends running around with munchkins if they cant't eat them too. Advertising should include information with contact name/email or phone to discuss food concerns.
